THE INN SOUTH STAINLEY

Good morning and a very warm Yorkshire welcome.

Breakfast – The meaning

From Middle English brekefast, brekefaste, equivalent to break + fast (literally, "to end the nightly fast")

Breakfast is the most important start to a great day, so after an eight hour fast let's start the day with a hearty Yorkshire breakfast and a welcoming smile from our team.

All our produce is locally sourced (where possible) our meat is supplied by R&J based in Ripon, our free-range eggs come from Yorkshire farms, even the butter for your toast comes from Cryer & Stott based in Leeds.

Our team will be on hand should you have any questions or allergen enquiries. More importantly, they are always on hand to top up your tea & coffee.

So…….. How would you like your eggs this morning?

All-inclusive breakfast is priced at £19.95 per person.

The above does not apply to residents who have booked a breakfast inclusive rate or added this option prior to arrival.
